BY EXECUTING THIS REGISTRATION FORM I AM AGREEING TO THE FOLLOWING:

1. The purpose of this Registration is to allow Strugar Conservation Services (“SCS”) to begin the processes involved in facilitating the sale of some or all of my New Mexico Conservation Easement Tax Credit (“Credits”), and to place my Credits in the queue for potential sale during the 2011 calendar year. As part of that process SCS will be assisting me in structuring my easement transaction so that the resulting Credits can be sold. This includes assisting with the process of obtaining Assessment and Certification approval of the Credits from applicable New Mexico governmental agencies. I specifically acknowledge that such assistance, together with any review or approval of my documents by SCS (either before or after the donation of my easement) does not in any way guarantee that I will ultimately receive any specific tax benefits from my easement donation, nor does it assure that Credit buyers will accept my Credits as marketable. In return for the assistance provided by SCS, I agree that I will allow SCS the first

opportunity to facilitate the sale of whatever portion of my Credits I decide to sell. At the time of a proposed sale I will be informed of the price that I will be offered and such price will be net of a facilitation fee payable to SCS. If SCS does procure a buyer for my Credits by Dec 31, 2011 (or such longer period as is reasonably required to sell the Credits if applicable state approvals are not received in time to sell the Credits in 2011), and I decline to sell them to such buyer, I will pay to SCS, to compensate it for the assistance that it provided, a cancellation fee in the amount of 5% of the dollar amount of Credits that I later sell through any other means. Any such cancellation fee will be payable upon the ultimate sale of the Credits involved.

2. When I proceed with the sale of my Credit, I acknowledge that I will be required to sign an agreement and other documents with the Buyer whereby I will guarantee that the Credit is valid, and indemnify the Buyer if the Credit is not valid. I recognize that SCS may choose to not match my Credit with a Buyer because SCS believes, in its sole discretion that my conservation easement donation may not qualify for Credits.
3. I give permission to copy all of the documents supplied with this Registration, and to distribute them to any parties involved with this transaction. Additionally, I hereby give permission to the appraiser of the above referenced appraisal to supply the entire appraisal to any parties involved with this transaction, and I give permission to the recipient of the conservation easement to supply all background information related to the conservation easement to any parties involved with this transaction.
4. I acknowledge that SCS will attempt to match my Credits with a Buyer, and that the earliest registrants in SCS will generally be given priority in matching. I further acknowledge, however, that SCS may match Buyers and Sellers based on other priorities, such as a match of the size of the Credits, or a match pre-identified by a Buyer or Seller when they came to SCS. Finally, I acknowledge that it may not be possible to match my Credits with a Buyer this year, in which case I will simply retain the un-transferred Credits.
5. I acknowledge that Strugar Conservation Services, LLC, and that it and its officers, agents and representatives are operating SCS solely to further their own goals (including the desire to promote land conservation), and are not acting as my agent, fiduciary or representative. I further acknowledge that I have been advised to seek my own tax, legal and other professional advice for matters related to this transaction, and that I am not relying on any representations or statements by SCS or its representatives, except as may be made in writing.
